### Education

---

- **BCA - Information Technology ( 2021 - 2024 )**  
Pursuing Final Year From **Maharishi Arvind School of Management Studies, Jaipur**
- **Senior Secondary 12th(2020-2021), Jaipur**  
Per. (80.60%)

### Projects

---

#### Google-Sheet Clone |HTML|CSS|ADVANCEJS

- Developed a responsive Google-Sheet Clone using **HTML5** for structured content and **CSS3** for dynamic styling and layouts.
- Developed a fully functional spreadsheet application simulating core Google Sheets features using pure HTML, CSS, and JavaScript.
- Implemented custom formulas, cell editing, and data validation functionality through advanced JavaScript (ES6+), including event handling and DOM manipulation.
- Designed dynamic cell rendering and seamless row/column addition using JavaScript and optimized performance for large data sets.

#### YouTube Clone | HTML|CSS|ADVANCEJS

- Implemented advanced **JavaScript (ES6+)** features such as **arrow functions**, **promises**, and **async/await** to enhance user experience and interactivity.
- Created dynamic content loading with **JavaScript DOM manipulation** for seamless video browsing and playback.
- Optimized the app for fast performance with **lazy loading** of video thumbnails and **code splitting**.
- Integrated **YouTube API** to fetch video data dynamically.

### Technical Skills

- |                |                     |                       |                     |
|----------------|---------------------|-----------------------|---------------------|
| • C/C++        | • <b>HTML</b>       | • BOOTSTRAP           | • <b>REACTJS</b>    |
| • <b>JAVA</b>  | • <b>CSS</b>        | • <b>TAILWIND CSS</b> | • <b>REDUX</b>      |
| • PHP          | • <b>JAVASCRIPT</b> | • SASS/CSS            | • MATERIAL UI       |
| • TYPESCRIPT   | • <b>REST API</b>   | • VERSION CONTROL     | • <b>GIT/GITHUB</b> |
| • <b>MYSQL</b> | • FIGMA             | • VS CODE             |                     |

### EXTRACURRICULAR ACTIVITIES

---

- Participated in college annual hackathons, developing innovative solutions under tight deadlines, fostering teamwork, and improving coding skills.
- HackerRank 3-Star Badge: Achieved a 3-star rating in problem-solving on HackerRank, improving strong proficiency in DSA.
